## UNCLE SAM AND GREATER AMERICA

BECAUSE the Kentucky Distilleries and Warehouse Company was incorporated in New Jersey is not conclusive proof that it will engage in the manufacture of "Jerry lighting."

THANKS to those Anarchist tendencies the tax collector has been compelled to pay over \$5,000 to pay for the toll gate roads in this country. Whenever the time comes that private property is not entitled to the law's protection, there will be an end to all government, and the red-handed Anarchist will be master of the situation.

The Kentucky Distilleries and Ware house Company, with an authorized capital of \$32,000,000, has been incorporated in New Jersey. The result is that laws of that state are more liberal toward capital than the laws of Kentucky. The result is that New Jersey is moving ahead while Kentucky is falling behind in the march of Progress.

Lewis T. Thrasher, a farmer living near Wichita, Kansas, dropped dead at the office of a Farm Loan Company just as he was about to place his signature to a mortgage covering his homestead. This should serve as a dreadful warning to other Kansas whiskers. Let them quit talking popular politics, go to work, and there'll be no need for most of them on their homesteads.

Hence is what the mud roads of Mayville have cost each year for thirteen years past:

## THE COMMONWEALTH. GOVERNOR'S HOUSE BURNED.

Gov. Bradley's Library and a few personal effects are all that were saved. Bradley's loss \$1,500.

Gov. Bradley's personal loss is at least \$1,500, and the loss of a portion of his collection of political literature, which he had engaged in collecting since he entered political life 23 years ago, and other valuable documents. The handsome furnishings of the house were for most part the property of the state, and these, as well as much of the governor's property, were badly damaged. The lot upon which the burned building stood was donated to the state, however, so that it was not needed for a home for the governor, and the state now seems confronted with either building a new or repairing from the ruined walls as the only alternative to keep the property from reverting back to the heirs of the original owner. owing to the historic character attaching to it there is a widespread sentiment in favor of repairing, and in this the custodian of public buildings, the red-handed Anarchist will be master of the situation.

**SMALL GAME FROZEN.** Newport, Ky., Feb. 11.—Farmers from Kenton and Boone counties, Ky., report that small game is dying from cold and starvation. Dozens of rabbits and squirrel can be found dead in the fields. The smaller birds have come to the ground preceding the same from obtaining food. In some instances quail have been found at the doors of farm houses eating with chickens.

**GOVERNOR'S MANSION BURNED.**

FRANKFORT, Ky., Feb. 11.—The governor's mansion was totally destroyed by fire at noon Friday. An early fire was extinguished, but it broke out again at 11:30. The firemen were soon disabled by the intense cold, to which trouble was added frozen pipes and cutting off the water supply. Most of Gov. Bradley's valuable personal was saved.

**POSTMASTER IN KENTUCKY.** LEXINGTON, Ky., Feb. 11.—Mrs. Mary Moore, aged 31, wife of Alonso Moore, while standing in front of her grave Friday, was dangerously burned by her clothing catching fire. She will probably die. She was married two months ago. She was Miss Alloway, of Nicholaville.

**POSTMASTER IN KENTUCKY.**

## CHARGED WITH PILFERING.

**Borberas Alleged to Have Committed By Members of the Second Ohio Regiment at Macon, Ga.**

MACON, Ga., Feb. 11.—The merchants and business men of Macon are highly indignant over the atrocious robberies committed by the members of the 2d Ohio regiment. Friday, they were being mustered out of the service of the United States. A large number of merchants sent wagons loaded with merchandise out to the camp to sell to the discharged soldiers. The colonel commanding ordered them to leave the camp, and upon their refusal to do so, ordered the men to pilfer for the wagons. The robbers completely stripped the wagons, and while under the influence of whisky went into several stores and walked out with goods in full view of the amazed merchants. Several of them were arrested and after turning over the goods were released.

This conduct was not general with the members of the regiment and is deeply deplored by a large number of the business men of Macon.

The loss the Macon merchants suffered will amount to considerable. One merchant had to close his store, so heavy was his loss. He was even robbed of his overcoat, and his Negro driver, who had a pair of gold-rimmed spectacles, was relieved of them.

A requisition will probably be made on the governor of Ohio for the return of Gen. Kuerst to the state for prosecution for aiding and abetting robbers.

Col. Kuerst commanding the 2d Ohio was waited on before he left Friday by one of the merchants. He said he was not responsible for the conduct of the men as they were no longer under his command and he had nothing to do with them.

**THE BURIAL OF GEN. GARCIA.**

**It Takes Place at Havana Saturday Afternoon—The Body Laid in State in the Municipal Council Chamber.**

HAVANA, Feb. 11.—About three hundred wreaths and floral emblems from individuals and societies have been piled at the foot of the bier of Gen. Calixto Garcia, whose body arrived here from the United States Thursday afternoon on the United States gunboat Nashville.

The body lay in the municipal council chamber of the palace, and crowds stood around the coffin. The remains laid in state until the interment which took place at 1 o'clock Saturday afternoon.

All day long Havana has paid silent homage to the dead warrior. Young women and children of the best families, gray-haired ladies, laborers and negroes have visited the council chamber, passed the guard of Cuban and American soldiers looked upon the face of the dead and quietly made arrangements for the burial which were deposited at the foot of the bier.

The streets around the palace have been crowded with soldiery and the honors paid by the American authorities have greatly pleased the Cubans.

Gov. Brooke and staff attended the interment Saturday and the review of the 7th army corps was postponed.

The Cuban troops guarding the streets near the palace were objects of much curiosity to passers by.

**THE MILLERS' COMBINATION.**

**It is Rapidly Becoming An Assured Fact—Will Divide the Principal Flour Mills in the Country.**

NEW ORLEANS, Feb. 11.—A chilling incident occurred at the meeting of the supreme senate of the Essen Knights Friday night when Col. Slater, of Lawrenceburg, Ind., a grand army man, was speaking on the women's badge question. He referred to Col. Christy, speaker of the Pennsylvania legislature, as a gallant veteran who lay asleep for three days on the battlefield of Chancellorsville, side by side with his comrade, Col. David Seabolt, a Louisiana delegate, an ex-president of the Army of Northern Virginia, interrupted to say that he was a southern soldier, who had lain three days on Chancellorsville field, but had not slept beside his associates since. Col. Christy rose and he and Col. Seabolt reenacted each other as the friendly enemies of long ago. The house rose with these flags were pulled down and furled around them; and as they embraced, the entire gathering cheered and sang patriotic songs.

**BURGLARY AND ROBBERY.**

**A Measure Encouraging the Practice.**

CHICAGO, Feb. 11.—A bill introduced in the Illinois legislature by a Chicago representative fixing the penalty for burglary of a dwelling at \$100. It was announced that another bill would fix the same penalty for highway robbery.

Prominent among those who see good in such a law is Chief of Police Kipley. He holds that a man safer in his own house should have the greatest protection the law can afford and argues that the burglar is the most dangerous of criminals.

**ADM. CERVERO TO BE PROSECUTED.**

Cervero, and Commandant Emano Diaz de Moren, former captain of the destroyed cruiser Cristobal Colon.

It is the only genuine Syrup of Figs known to us, and is prepared by the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties.
